

Christian Growth Assessment

In order to become a fully devoted follower of Jesus, we must discover where we need to grow to become more like Him. This assessment will help you identify areas of strength and areas for growth on the path towards 'Christ likeness.'

1. Read each question carefully and circle a number on each satisfaction continuum that best represents where you believe you are on your spiritual journey.
2. Provide a brief rationale on your relative satisfaction level.
3. Identify an area where you would like to grow within each Christ likeness category: include any specific need/issue you may have at this time in your life at the end of the assessment (e.g. personal finances, parenting, marriage...)

You may want to ask a spouse or a close friend to fill out this assessment on you as well. Compare this person's assessment with your own. If there are discrepancies, discuss why. The Categories are divided into the phrases of EBC's vision statement.
